Housing Type	Observation	Provider Shelter	Client Interview	HMIS

While the number of people in Emergency Shelters did increase slightly in 2013 compared to 2012 (up by 32 people), the most significant reason for the increase in the overall Sheltered Count was the number of people in Transitional Housing, which was up by 375 people in 2013 compared to 2012. Two state supported voucher based Transitional Housing programs significantly increased their capacity between the 2012 and 2013 PIT counts. Maine State Housing Authority STEP (Stability Through Engagement Program) went from 55 beds in 2012 to 317 beds in 2013, an increase of 260 beds, and Maine DHHS BRAP (Bridging Rental Assistance Program) went from 485 beds in 2012 to 583 beds in 2013, an increase of 98 beds.

For guidance on completing this form, please reference the FY 2013 CoC Application Detailed Instructions and the FY 2013 CoC Program NOFA. Please submit technical question to the OneCPD Ask A Question at <https://www.onecpd.info/ask-a-question/>.

*** 2H-1 Indicate the method(s) used to count sheltered homeless persons during the 2013 point-in-time count:**

Survey providers:	<input checked="" type="checkbox"/>
HMIS:	<input checked="" type="checkbox"/>

Other:	<input type="checkbox"/>

**2H-2 If other, provide a detailed description.
(limit 750 characters)**

**2H-3 For each method selected, including other, describe how the method was used to ensure that the data collected on the sheltered homeless population during the 2013 point-in-time count was accurate.
(limit 750 characters)**

PIT homeless population data comes from one of two sources: 1) HMIS or 2) paper surveys for non-HMIS-participating agencies, including VAWA providers. The HMIS Lead Agency combines de-identified client data from both HMIS and non-HMIS sources in a data warehouse. The warehouse uses a unique identifier for each client, which is created using data elements common to both HMIS and the paper survey process, in order to calculate unduplicated counts across programs. The methods were selected through discussion and meetings between the HMIS Lead and the Data Committees of both CoCs in Maine.

2I. Continuum of Care (CoC) Sheltered Homeless Point-in-Time (PIT) Count: Data Collection

Instructions:

For guidance on completing this form, please reference the FY 2013 CoC Application Detailed Instructions and the FY 2013 CoC Program NOFA. Please submit technical question to the OneCPD Ask A Question at <https://www.onecpd.info/ask-a-question/>.

*** 2I-1 Indicate the methods used to gather and calculate subpopulation data for sheltered homeless persons:**

Sample strategy: (if Sample of PIT interviews plus extrapolation is selected)	
Provider expertise:	<input type="checkbox"/>
Interviews:	<input checked="" type="checkbox"/>
Non-HMIS client level information:	<input type="checkbox"/>
Other:	<input type="checkbox"/>

**2I-2 If other, provide a detailed description.
(limit 750 characters)**

**2I-3 For each method selected, including other, describe how the method was used to ensure that the data collected on the sheltered homeless population count during the 2013 point-in-time count was accurate.
(limit 750 characters)**

Individual surveys collect detailed data on those clients willing to be interviewed. The surveys collect all of the HMIS UDEs as well as the HMIS Program-Specific disability questions that constitute the HUD specified subpopulations for the PIT. All programs with access to HMIS enter the Individual Survey data into HMIS. VAWA providers and other non-participating providers securely transmit their data to the HMIS Lead Agency and all of the data (both HMIS and non-HMIS) is de-identified and loaded into a PIT reporting warehouse, which calculates unduplicated subpopulation counts across programs based on a derived unique key. The warehouse then breaks down the counts by sheltered/unsheltered status for each population and sub-population count.

2J. Continuum of Care (CoC) Sheltered Homeless Point-in-Time Count: Data Quality

Instructions:

For guidance on completing this form, please reference the FY 2013 CoC Application Detailed Instructions and the FY 2013 CoC Program NOFA. Please submit technical question to the OneCPD Ask A Question at <https://www.onecpd.info/ask-a-question/>.

**2J-3 For each method selected, including other, describe how the method was used to ensure that the data collected on the sheltered homeless population count during the 2013 point-in-time count was accurate.
(limit 750 characters)**

Written instructions and training are made available in person and through online videos detailing how to fill out and submit forms for non- HMIS providers, as well as how to enter data collected via survey into HMIS for HMIS providers. Reminders prior to the PIT ensure all providers are aware of trainings and information needed to complete the survey. Reminders after the PIT ensure data is submitted in a timely manner, and for data validation. A certification form is required from each program submitting data, certifying the completeness and quality of the program's data. De-identified HMIS data is transferred to a PIT reporting warehouse, where it is deduplicated as previously described, which incorporates non-HMIS de-duplication techniques for VAWA providers.

2K. Continuum of Care (CoC) Unsheltered Homeless Point-in-Time (PIT) Count

Instructions:

For guidance on completing this form, please reference the FY 2013 CoC Application Detailed Instructions and the FY 2013 CoC Program NOFA. Please submit technical question to the OneCPD Ask A Question at <https://www.onecpd.info/ask-a-question/>.

2K-3 Enter the date the CoC submitted the unsheltered point-in-time count data in HDX: 04/30/2013

2K-4 Comparing the 2013 unsheltered point-in-time count to the last unsheltered point-in-time count, indicate if there was an increase, decrease, or no change and describe the specific reason(s) for the increase, decrease, or no change. (limit 750 characters)

MCOC has historically relied upon Emergency Shelters to organize local PIT Outreach efforts, but even these were primarily in 'Service Center' Communities. The York County chapter of the Maine Military and Community Network (MMCN) conducted PIT Outreach in rural parts of York Count and other MMCN chapters adopted the process for the 2013 PIT. As a result, PIT Outreach was conducted in rural areas of 4 additional counties. This resulted in an increased number of Unsheltered persons being reported, MCOC feels it is a far more accurate picture of homelessness in our rural state because these efforts are finding people who would not have been counted before.

2L-3 For each method selected, including other, describe how the method was used to ensure that the data collected on the unsheltered homeless population during the 2013 point-in-time count was accurate. (limit 750 characters)

Paper survey forms were distributed to the local groups who wished to participate. On that form was the homeless status question, and trainings were provided prior to the night of the count in order to ensure that the data that was returned was an accurate reflection of who was literally homeless the night of the PIT. The forms were returned to the HMIS lead, a provider created to capture the data, and the forms were reviewed and input into HMIS, excluding respondents who identified as being unstably housed or at risk of losing their housing.

Local groups concerned with the issues of homelessness mobilized in multiple communities to map out known locations where unsheltered homeless persons were known to stay. They were assigned specific quadrants of their community and teams of two "blitzed" the area. Survey forms that included identifying information sufficient to generate a unique ID were distributed to these groups and they were trained on how to deliver the survey by staff at the Collaborative Applicant. The forms were then input into the HMIS for de-duplication with the sheltered count.

For guidance on completing this form, please reference the FY 2013 CoC Application Detailed Instructions and the FY 2013 CoC Program NOFA. Please submit technical question to the OneCPD Ask A Question at <https://www.onecpd.info/ask-a-question/>.

In FY 2013, applications submitted to HUD for the Continuum of Care (CoC) Program will be evaluated in part based on the extent in which they further the achievement of HUD's goals as articulated in HUD's Strategic Plan and Opening Doors: Federal Strategic Plan to Prevent and End Homelessness (FSP). The first goal in Opening Doors is to end chronic homelessness by 2015. Creating new dedicated permanent supportive housing beds is one way to increase progress towards ending homelessness for chronically homeless persons. Using data from Annual Performance Reports (APR), HMIS, and the 2013 housing inventory count, complete the table below.

3B-1.1a If other, please explain. (limit 750 characters)

A working group of homeless youth providers has submitted a new draft Policy on Homeless Youth to Maine DHHS/OCFS that states, in part: "OCFS believes youth under the age of 18 years old should not live on their own, or be without responsible adults to care for them unless they have become legally emancipated (15 MRS 3506-A (2001)). When a youth in state's custody becomes homeless, OCFS has a responsibility to end the youth's homelessness and locate a place for the youth to live. Sometimes youth may choose not to reside in OCFS approved homes or locations. OCFS has a responsibility to continue to work with the youth and pursue placement options in a diligent and focused manner." OCS is expected to approve this policy in 2014.

3B-4.1a If other, please explain. (limit 750 characters)

The Statewide Homeless Council (includes MCOC) refuses to support any policy that releases inmates to shelters. No specific DOC policy exists to prevent release of offenders to shelters. However, Maine DOC's goal is not to release to shelters. To achieve this, DOC's policy is to begin pre-release planning 45 days before release (County jails begin at 90 days). MCOC providers work collaboratively with prison staff on pre-release planning, including finding community housing & supportive services (when needed) for inmates following release.

3B-4.2 Describe the efforts that the CoC has taken to ensure persons are not routinely discharged into homeless and specifically state where persons routinely go upon discharge. (limit 1000 characters)

Maine DHHS funds Intensive Case Managers (ICMs) at the county jails, who help with pre-release planning for inmates with mental health issues. Community-based nonprofit providers participate in pre-release planning & work with offenders following release to support housing retention & reintegration. Most offenders are released to families and friends. They may also be released to market rate apartments, boarding homes, and other federal-, state or locally-funded housing options (such as Section 515 rental units, LIHTC projects, HOPWA, or local- or state-funded residential recovery or transitional housing, group homes, and/or halfway houses). DOC operates 3 pre-release programs; 2 for men & 1 for women. A county-run program in the mid-coast accepts state inmates as well. These programs require that inmates who have jobs pay room & board, pay restitution, & save money to help pay rental security deposits when released.

The State of Maine Consolidated Plan-Action Plan for 2010 to 2014 includes the entire 2011 MBOS CoC Exhibit 1 application as an appendix.

In 2014 MCOC will work to ensure that the following MCOC strategic plan goals are included in the Con Plans of the 5 jurisdictions (many being updated in the coming year):

1. Increase permanent supportive housing beds dedicated or available to chronically homeless
2. Increase the percentage of participants remaining in CoC funded permanent housing projects for at least six months to 80% or more.
3. Increase percentage of participants in all CoC-funded projects that are employed at program exit to 20% or more.
4. Increase the percentage of participants in all CoC-funded projects that obtained mainstream benefits at program exit to 20% or more.
5. Increase use of Rapid Re-Housing to reduce family homelessness

(limit 1000 characters)

MaineHousing is the ESG administrator for Maine outside Portland and is also the MCOC Collaborative Applicant, which facilitates coordination with MCOC. MCOC members participate in MaineHousing's ad hoc Committee on Shelter Funding to help develop shelter funding policies and priorities. 3C-3 Describe the extent in which ESG funds are used to provide rapid rehousing and homelessness prevention. Description must include the percentage of funds being allocated to both activities. (limit 1000 characters)

In 2012 & 2013 no MaineHousing (MH) ESG funds were used for homelessness prevention.
MH ESG funds used for RRH: 2012- 43% & 2013- 32%.
MH awarded ESG funds to nonprofit homeless services providers statewide to provide RRH activities under Home to Stay (HTS). HTS links ESG funds with STEP (HOME-funded short term TBRA) and Housing Choice Vouchers (HCV). HTS transforms the shelter system to a rapid response system that provides housing stability services to homeless individuals & families. The decision to allocate funds for RRH resulted from a high priority need to move people out of shelters quickly due to increasing shelter usage & homelessness. Funds were awarded through a competitive RFP process.

3C-4 Describe the CoC's efforts to reduce the number of individuals and families who become homeless within the CoC's entire geographic area. (limit 1000 characters)

IS THE SHC ACTIVE IN PREVENTION AT ALL???

In 2013 MCOC received TA from Cloudburst to map services statewide, preliminary work for creating a coordinated assessment. MCOC & the Portland CoC will continue working on this in 2014, funded by the 2012 CoC Planning Grant.

PATH funding can serve at-risk individuals and families with unmet mental illness or co-occurring disorders to prevent homelessness.

SSVF provides some outreach & case management to at-risk veterans' families statewide

MH funds Pine Tree Legal Assistance to help prevent evictions in larger cities

Maine DHHS uses some BRAP (TBRA) for homelessness prevention

FH barriers from jurisdictions' Als include need for landlord/tenant education around FH laws, disability (rights to reasonable accommodation), & racial & cultural barriers.

MH is ESG grantee & MCOC Collab Applicant; ESG subrecipients are members of MCOC, facilitating coordination.

RRH: MCOC members receive grants under Basic Center, Maternity Group Home, Transitional Living & Street Outreach Programs
HEAD START: Case managers help eligible children enroll
PHILANTHROPIC: Aspen Institute supports planning for youth transitions. AmeriCorps funding for homeless vets (Bangor).
OTHER: PATH (federal/state)- outreach & engagement to homeless. BRAP (state)- TBRA. Maine DHHS - street outreach, shelter, & TH for youth. MH allocates \$1 million/year in HOME funds to the STEP program, a RRH-style program that provides short term TBRA & supports for up to 24 months. Strong working relationship with VA. Statewide Homeless Council holds meeting around the state to improve input.

3C-6 Describe the extent in which the PHA(s) within the CoC's geographic area are engaged in the CoC efforts to prevent and end homelessness. (limit 1000 characters)

ARE ANY PHA MEMBERS BESIDES MH ACTIVE IN THE MCOC? ANY OTHER PHA-SPECIFIC OUTREACH???

MaineHousing is the state PHA & the MCOC Collaborative Applicant. Its homeless preferences include DV, vets, & homeless. Provides HCV set-aside for Home to Stay, a RRH program, & administers VASH vouchers. Housing authorities in Bangor & South Portland have homeless preferences. Auburn HA has a preference for involuntarily displaced, including DV victims. The Brunswick, South Portland, & Westbrook PHAs have dedicated HCV to CH. Waterville allocated funds to be used with STEP vouchers in Home to Stay.

3C-7 Describe the CoC's plan to assess the barriers to entry present in projects funded through the CoC Program as well as ESG (e.g. income eligibility requirements, lengthy period of clean time, background checks, credit checks, etc.), and how the CoC plans to remove those barriers. (limit 1000 characters)

THIS SURVEY WAS COMPLETE OVER 18 MTHS AGO. WHAT IS THE PLAN FOR REVIEWING BARRIERS AND REMOVING THEM WHERE POSSIBLE OR FINDING ALTERNATIVES?

With TA from Cloudburst, Maine's 2 CoCs completed a statewide assessment of shelter barriers in Spring of 2012. Cloudburst is providing ongoing TA to help Portland and Maine COC members to complete system planning; mapping the shelter system and determining gaps and needs. Cloudburst is also assessing HMIS & ServicePoint to identify ways to improve the system. This information will support finalizing the Coordinated Assessment system.

3C-8 Describe the extent in which the CoC and its permanent supportive housing recipients have adopted a housing first approach. (limit 1000 characters)

IT LOOKS TO ME THAT THERE ARE 1,359 PSH BEDS IN THE MCOC THAT ARE MCKINNEY FUNDED- IS THAT THE RIGHT BASELINE? OF THESE, WHAT % USES HF?
MCOC has embraced the Housing First (HF) approach. 100% of Maine DHHS S+C projects use HF, and Bangor S+C does also.

3C-9 Describe how the CoC's centralized or coordinated assessment system is used to ensure the homeless are placed in the appropriate housing and provided appropriate services based on their level of need. (limit 1000 characters)

The 2012 COC planning grant (not yet executed) was intended to help develop the coordinated assessment (CA). MCOC has taken some initial steps, however. MCOC is working with Cloudburst on performance measurement, and on mapping the shelter system [WHY ARE THESE PRECONDITIONS FOR DEVELOPING THE COORD ASSESSMENT?]. We have begun coordinating with Portland COC which is further along in developing a CA. Have also begun piloting (in Portland and Bangor) data sharing across programs within HMIS. Completing and adopting the coordinated assessment is high priority work for 2014.

3C-10 Describe the procedures used to market housing and supportive services to eligible persons regardless of race, color, national origin, religion, sex, age, familial status, or disability who are least likely to request housing or services in the absence of special outreach. (limit 1000 characters)

HOW DOES MCOC DETERMINE WHICH POPULATIONS WERE UNDERSERVED?
MCOC's Resource Committee held 2 Fair Housing trainings in 2012 to teach affirmative marketing, landlord/tenant laws. PATH providers outreach to hospitals, police depts. & other locations where homeless people may be found. MCOC providers post information in their offices in different languages, and use interpreters when needed. All providers offer TTY options for hearing impaired. MaineHousing has shelter information on its website that is translated into 12 languages. The statewide 2-1-1 number is promoted to faith-based entities, providers, area agencies on aging, & town offices in different languages. MaineCare reimburses medical services providers for interpreting services. Communication technology is provided for those with visual & hearing impairments. Local housing authorities are required to reach out to protected classes. Shelters are accessible to people with mobility impairments.

3C-11 Describe the established policies that are currently in place that require all homeless service providers to ensure all children are enrolled in early childhood education programs or in school, as appropriate, and connected to appropriate services within the community. (limit 1000 characters)

MCOCC requires COC-funded programs [WHAT ABOUT ESG??] to provide homeless unaccompanied youth, & homeless parents or guardians of school-age children, with the NCHE poster describing children's rights to attend school, & the help available to get them enrolled or transported. Parents must sign a form in which the names & ages of school-aged children are listed, & indicates they have received the poster & have either accepted or rejected help in contacting the school Homeless Liaison (HL). Homeless providers employ case managers who help families/youth connect with the HL & work out logistics of school enrollment/attendance/transportation. Performance on this is tracked during ESG monitoring. HMIS also has a required data element for families with children, and unaccompanied youth, if they have been connected to the HL.

3C-12 Describe the steps the CoC, working with homeless assistance providers, is taking to collaborate with local education authorities to ensure individuals and families who become or remain homeless are informed of their eligibility for McKinney-Vento educational services. (limit 1000 characters)

FROM 2012 RESPONSE: MCOCC requires that CoC- and ESG-funded homeless service providers have on hand the forms & informational flyers needed to inform families with children, and unaccompanied youth, of their rights under the McKinney-Vento Educational Assurances Act. Case Managers facilitate contact with their local Homeless Liaison. Performance on this is tracked during ESG monitoring. "Keeping Maine Kids Connected" has organized quarterly meetings for school liaisons and homeless providers in order to improve communication and coordination. MCOCC members attend these meetings. The statewide coordinator of the school HL attends MCOCC meetings 1-2 times annually to talk about the process for enrolling homeless children in school.

3C-13 Describe how the CoC collaborates, or will collaborate, with emergency shelters, transitional housing, and permanent housing providers to ensure families with children under the age of 18 are not denied admission or separated when entering shelter or housing. (limit 1000 characters)

NOTE THAT ANY ESG OR COC-FUNDED PROJECT CANNOT DENY ADMISSION TO FAMILIES WITH CHILDREN OR TO ANY FAMILY MEMBER. MH CURRENTLY DOES NOT REQUIRE THIS IN ITS CONTRACTS WITH SHELTER PROVIDERS, BUT PERHAPS SHULD CONSIDER DOING SO. THIS LANGUAGE IS CLEARLY PRESENT IN BOTH THE ESG FINAL RULE AND THE COC INTERIM FINAL RULE.

3C-14 What methods does the CoC utilize to monitor returns to homelessness by persons, including, families who exited rapid re-housing? Include the processes the CoC has in place to ensure minimal returns to homelessness. (limit 1000 characters)

Home to Stay (HTS) requires 12 months of follow-up after program exit. HTS serves individuals & families. HMIS is used to monitor grantee performance on coordinating and collaborating with state/local agencies to ensure clients obtain housing, mainstream resources, employment & health services, and to track whether clients experience repeat homelessness. Navigators prevent repeat episodes by developing & monitoring a long-term housing plan with the client, meeting at least monthly- usually more often- with the client; providing renter education (i.e., rights, responsibilities, cleanliness); landlord mediation; credit & budget counseling. MCOC's work on data sharing through HMIS will facilitate this tracking.

Consumers exiting Frannie Peabody assistance (HOPWA) retain their case managers for follow-up as they move on to other housing.

3C-15 Does the CoC intend for any of its SSO or TH projects to serve families with children and youth defined as homeless under other Federal statutes? No

3C-15.1 If yes, describe how the use of grant funds to serve such persons is of equal or greater priority than serving persons defined as homeless in accordance with 24 CFR 578.89. Description must include whether or not this is listed as a priority in the Consolidated Plan(s) and its CoC strategic plan goals. CoCs must attach the list of projects that would be serving this population (up to 10 percent of CoC total award) and the applicable portions of the Consolidated Plan. (limit 1000 characters)

3C-16 Has the project been impacted by a major disaster, as declared by President Obama under Title IV of the Robert T. Stafford Act in the 12 months prior to the opening of the FY 2013 CoC Program Competition? No

3C-16.1 If 'Yes', describe the impact of the natural disaster on specific projects in the CoC and how this affected the CoC's ability to address homelessness and provide the necessary reporting to HUD. (limit 1500 characters)

3D. Continuum of Care (CoC) Coordination with Strategic Plan Goals

Instructions:

For guidance on completing this form, please reference the FY 2013 CoC Application Detailed Instructions and the FY 2013 CoC Program NOFA. Please submit technical question to the OneCPD Ask A Question at <https://www.onecpd.info/ask-a-question/>.

In 2013, applications submitted to HUD for the Continuum of Care (CoC) Program will be evaluated in part based on the extent in which they further the achievement of HUD's goals as articulated in HUD's Strategic Plan and the Opening Doors: Federal Strategic Plan to Prevent and End Homelessness (FSP).

3D-1 Describe how the CoC is incorporating the goals of Opening Doors in local plans established to prevent and end homelessness and the extent in which the CoC is on target to meet these goals. (limit 1000 characters)

Copies of the Opening Doors document were provided to the Statewide Homeless Council (SHC) committee members that worked to update Maine's Plan to End and Prevent Homelessness in 2011. The two plans are highly complementary in terms of goals and strategies. The SHC has produced a 1-page matrix that shows specifically how the Maine Plan aligns with the 4 strategic goals and themes of Opening Doors, including 1) Finish the job of ending CH in 5 years; 2) Prevent and end homelessness among Veterans in 5 years 3) Prevent and end homelessness for families, youth, and children in 10 years; &4) Set a path to ending all types of homelessness. The Maine Plan explicitly addresses the needs of Single Adults and Families; DV Victims; and Unaccompanied Youth. Each of these categories has 4 goals that relate to the Opening Doors goals. MaineHousing, MCOC Collab Applicant and Maine's ESG Administrator, has worked with shelter operators and the SHC to align ESG funding with Maine's Plan.

3D-2 Describe the CoC's current efforts, including the outreach plan, to end homelessness among households with dependent children. (limit 750 characters)

?????THE DESCRIPTION MUST INCLUDE THE OUTREACH PLAN THE COC HAS IN PLACE TO ADDRESS HOMELESSNESS AMONG THIS POPULATION.

3D-3 Describe the CoC's current efforts to address the needs of victims of domestic violence, including their families. Response should include a description of services and safe housing from all funding sources that are available within the CoC to serve this population. (limit 1000 characters)

????RESPONSE SHOULD INCLUDE A DESCRIPTION OF SERVICES AND SAFE HOUSING FROM ALL FUNDING SOURCES THAT ARE AVAILABLE WITHIN THE COC TO SERVE THIS POPULATION.

3D-4 Describe the CoC's current efforts to address homelessness for unaccompanied youth. Response should include a description of services and housing from all funding sources that are available within the CoC to address homelessness for this subpopulation. Indicate whether or not the resources are available for all youth or are specific to youth between the ages of 16-17 or 18-24. (limit 1000 characters)

RESPONSE SHOULD INCLUDE A DESCRIPTION OF SERVICES AND HOUSING FROM ALL FUNDING SOURCES THAT ARE AVAILABLE WITHIN THE COC TO ADDRESS HOMELESSNESS FOR THIS SUBPOPULATION. INDICATE WHETHER OR NOT THE RESOURCES ARE AVAILABLE FOR ALL YOUTH OR ARE SPECIFIC TO YOUTH BETWEEN THE AGES OF 16-17 OR 18-24.

3D-5 Describe the efforts, including the outreach plan, to identify and engage persons who routinely sleep on the streets or in other places not meant for human habitation. (limit 750 characters)

THE RESPONSE MUST INCLUDE A DESCRIPTION OF THE COCS OUTREACH PLAN TO REACH THIS POPULATION AND MUST DEMONSTRATE THAT THE OUTREACH PLAN COVERS THE COC'S ENTIRE GEOGRAPHIC AREA AND HOW THE PLAN ADDRESSES GEOGRAPHIC BARRIERS THAT MIGHT MAKE OUTREACH TO UNSHELTERED PERSONS MORE DIFFICULT.

3D-6 Describe the CoC's current efforts to combat homelessness among veterans, particularly those are ineligible for homeless assistance and housing through the Department of Veterans Affairs programs (i.e., HUD-VASH, SSVF and Grant Per Diem). Response should include a description of services and housing from all funding sources that exist to address homelessness among veterans. (limit 1000 characters)

FOCUS ON SERVING THE DISHONORABLY D/Cd. ALSO- GRANT PER DIEM??

VA Maine-HUD VASH staff participates in the MCOC meetings, local homeless coalitions, & Statewide Homeless Council. It also works closely with SSVF grantee Preble Street Resource Center. These programs build on strategies established

by HPRP. A VA Social Service Representative does outreach to the Oxford Street Shelter and the Preble Street Resource Center. While these are in Portland, homeless vets from other areas of the state sometimes do migrate to Portland & need help transitioning back to their home communities. The VA staffperson engages homeless Veterans, helps them establish eligibility for VA Health care & HUD VASH, and obtain referrals for other Mainstream Resources. VA Maine also has a contract with Bread of Life in Augusta for Emergency Housing Contract Beds that provides immediate TH for homeless Veterans and refers eligible Veterans to the HUD VASH program.
