Application clearly demonstrates how the project will assist clients to access			
mainstream resources, increase income, and maximize ability to live independently?	2		
independentily:	2		
Application clearly describes proposed activities and target population;			
demonstrates the community's need for the proposed activities; and demonstrates			
an understanding of the needs of clients to be served, for domestic violence providers their ability to improve safety for the population they serve.			
	2		
Application clearly desciribes that the type and location of the housing proposed will fit the community's need for the proposed project activities; and demonstrates			
an understanding of the needs of the clients to be served.	2		
Application demonstrates a clear plan to assist clients to rapidly secure and			
maintain housing that is safe, affordable, and meets their needs.	2		
Application clearly descirbes the types of supportive services that will be offered to			
clients, including the role of project staff and coordination with other providers, to			
maximize positive outcomes for clients.	2		
For Coordinated Entry Projects Only The project's proposed activities will assist in the implementation and/or capacity of			
the Coordinated Entry system.			2
The project's proposed activities will assist the CoC in meeting federal guidelines			
and timelines regarding Coordinated Entry.			2
The project's proposed activities will assist the CoC in establishing a client-focused			0
system that is accessible and coordinated.			6
The centralized or coordinated assessment system is easily available/reachable for all persons within the CoC's geographic area who are seeking information			
regarding homelessness assistance. The system must also be accessible for			
persons with disabilities within the CoC's geographic area.			2
There is a strategy for advertising that is designed specifically to reach homeless			
persons with the highest barriers within the CoC's geographic area.			2
There is a standardized assessment process.			2
Ensures program participants are directed to appropriate housing and services that			2
fit their needs. The proposed project has a specific plan to coordinate and integrate with other			2
mainstream health, social services, and employment programs and ensure that			
program participants are assisted to obtain benefits from the mainstream programs			
for which they may be eligible (e.g., Medicare, Medicaid, SSI, Food Stamps, local			
Workforce office, early childhood education).			2
For HMIS Projects Only			
The project's proposed activities will help improve the quality and functionality of			
the existing HMIS system, to the benefit of the CoC		4	
The project's proposed activities will help ensure compliance with federal reporting			
requirements pertaining to data, including HIC, PIC, LSA, and CAPER reports.			
		4	
The project's proposed activities will help ensure the CoC has a fully functional,			
operational, and funded HMIS system.			
		4	
Are the HMIS funds expended in a way that is consistent with the CoC's funding			
strategy for the HMIS and furthers the CoC's HMIS implementation. The HMIS collects all Universal Data Elements as set forth in the HMIS Data		3	
Standards.		2	
HMIS has the ability to unduplicate client records.		2	
The HMIS produces all HUDrequired reports and provides data as needed for HUD		<u> </u>	
reporting (e.g., APR, quarterly reports, data for CAPER/ESG reporting) and other			
reports required by other federal partners.			
		2	
7. Timeliness			
Application clearly describes a plan for rapid implementation of the project,			
including a schedule of proposed activities after grant award.	2	2	2
