

# MAINE HUMAN RIGHTS COMMISSION

## Discrimination Based on Homelessness

Have you experienced  
discrimination based on your  
current, perceived, or previous  
homelessness  
in the past 300 days?

Contact us NOW at  
[project@mhrc.maine.gov](mailto:project@mhrc.maine.gov) or at (207)  
624-8728 to speak with someone  
from our office.

**Your voice matters!  
We want to hear about your experience.**

The Maine Human Rights Commission is investigating claims of discrimination based on homelessness as part of a pilot project to gather information on the incidence on this type of discrimination in the State of Maine. Even though discrimination based on homelessness is not illegal under the Maine Human Rights Act, we will be reporting on how often it occurs to the Maine Legislature and recommending action to address it. *We need your help to tell Maine's lawmakers about discrimination based on homelessness!*

**Please note that all information obtained will remain anonymous unless you give us permission to share the information.**
