

2022 Point in Time (PIT) Location Details

Where a person experiencing homelessness on the night of the count determines their location. Town level data was not available for persons staying in hotels funded by General Assistance or the Emergency Rental Assistance programs, but the county was captured. The PIT reported 3,455 persons experiencing homelessness on January 25, 2022. To protect the whereabouts of certain populations location data was not collected for 164 unsheltered homeless persons or 110 in domestic violence shelters. There was no reported persons experiencing homelessness in, Franklin, Lincoln, Piscataquis, and Washington counties on the night of the count.

Last Reported Permanent Residence

Region 3: Penobscot County

Night of the Count

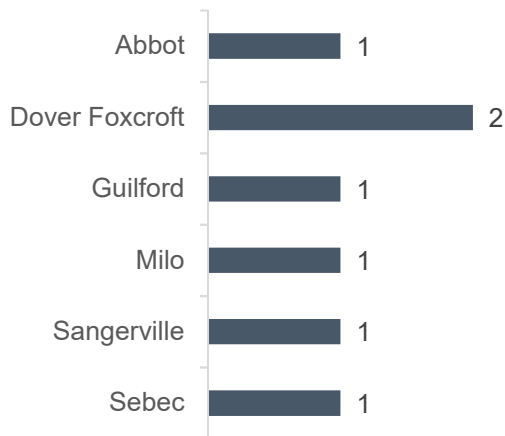

Last Reported Permanent Residence

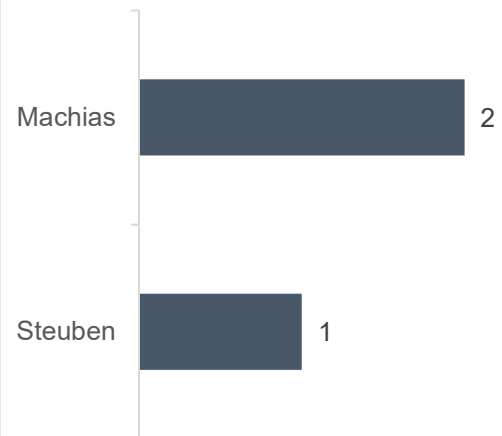

Region 3: Piscataquis and Washington Counties

Last Reported Permanent Residence (Piscataquis)

Last Reported Permanent Residence (Washington)

More about the Point in Time Count Survey

The Point in Time count is a survey of sheltered and unsheltered homeless persons on a single night in January. The U.S. Department of Housing and Urban Development (HUD) requires that Continuum of Care Programs* receiving federal McKinney-Vento Homeless Assistance funds conduct an annual count of homeless persons who are sheltered in emergency shelters, transitional housing, and safe havens within the last ten days of January.

HUD uses information from the surveys, among other data sources, in the Annual Homeless Assessment Report. Each count is planned, coordinated, carried out locally, and contain elements that are based on self-reported data. Information from emergency shelters and other service providers is collected through Maine's Homeless Management Information System (HMIS), and through paper surveys. This survey is one of several annual reports and data sources that is useful in increasing understanding of the scope of homelessness in Maine.

*Continuum of Care (CoC) Programs are designed to promote community-wide commitment to the goal of ending homelessness; provide funding for efforts by nonprofit providers, and State and local governments to quickly rehouse homeless individuals and families while minimizing the trauma and dislocation caused to homeless individuals, families, and communities by homelessness; promote access to and effect utilization of mainstream programs by homeless individuals and families; and optimize self-sufficiency among individuals and families experiencing homelessness.
